

## Adult Art Sampler

This Adult Art Sampler is designed to explore different mediums and learn from different instructors. What a great way to find out all the creative opportunities our Art School can offer. Students will experience a new medium each week and complete a finished product in each medium. Projects will include, Drawing, Scratchboard, Hand-built Pottery, Acrylic Painting, Fused Glass, Silk Screening and Printmaking. This is a wonderful class to potentially try out something new! All supplies are included, though a sketchbook is recommended.
