

Youth Pottery

Saturdays 10am-12 noon

Instructor: Kristin Drummond

We will develop an understanding of the characteristics of clay as we create a variety of forms using simple tools. We will explore both functional and sculptural pieces that are created using basic methods: pinch, coil, and slab. Students will also make bowls and other forms using a professional pottery wheel.

Projects may include:

1. Introduction to Studio; Pinch Pot Project
2. Introduction to the Pottery Wheel
3. Making Animals from Clay
4. Pottery Wheel
5. Glazing
6. Coil Pots
7. Pottery Wheel & Decorating Options
8. Working with Clay Slabs
9. Final Glazing
10. Course Discussion, Paint Final Piece
